WELCOME TO

Cabinets of **America**

Cabinets of America (COA) is a cabinet wholesaler working exclusively with trade professionals – importers, distributors, dealers, builders, developers and contractors. Our cabinets are currently manufactured in Vietnam and supplied factory-direct, either FOB from the port of origin or as complete project packages delivered to the jobsite.

From a single container to a multi-unit residential development, we pair factory pricing with hands-on project coordination: item-list review, quotation, packing by unit and delivery on your schedule.

Why **Choose Us**

27 Finishes, Two Lines

Frameless and framed cabinetry from one supplier, in Shaker, Double Shaker, Timberline and Slab styles.

FOB or Delivered

Buy by the container FOB, or let us ship complete project packages direct to your jobsite.

Built to Last

Plywood boxes, solid wood dovetail drawers, soft-close hardware and a 7-year limited residential warranty.

US-Based Support

NJ warehouse in Cranbury with stock frameless cabinets, assembled or K/D, plus local and LTL delivery.

Specifications are subject to change without notice. Cabinets of America reserves the right to modify product design, dimensions, materials and finishes at any time without obligation. Colours shown are for reference only.

Why trust us for **your next project?**

Project work leaves no room for surprises. Here is how COA keeps large orders consistent from the first quotation to the last carton on site.

01

Factory-Direct Production

Cabinets are produced for COA in Vietnam and shipped straight from the factory – no middle layers between the production line and your project, and consistent materials from the first order to the repeat order.

02

Dedicated Project Team

Our team reviews your drawings or item list, prepares the cabinet takeoff and quotation, and coordinates production, packing and shipping until delivery is complete.

03

Quality Control at Every Stage

Materials, finishing, assembly and hardware are checked during production, and every order is inspected before it is packed and loaded.

04

Compliance & Certification

KCMA certification is in progress for our assembled cabinets. Material and emissions compliance documents: [_____].

Vision

To be the cabinet partner trade professionals rely on for dependable product, fair factory pricing and smooth project delivery.

Mission

To supply importers, dealers, builders and contractors with well-built kitchen and bath cabinetry, factory-direct, with the support their projects need to finish on time.

Specifications are subject to change without notice. Cabinets of America reserves the right to modify product design, dimensions, materials and finishes at any time without obligation. Colours shown are for reference only.

How a project order **works**

01 **Item list or** drawings

02 **Takeoff &** quotation

03 **Sample** approval

04 **Deposit &** production

05 **QC &** inspection

06 **Packing &** loading

07 **Jobsite** delivery

Send your item list or drawings to **order@cabinetsofamerica.com**

Specifications are subject to change without notice. Cabinets of America reserves the right to modify product design, dimensions, materials and finishes at any time without obligation. Colours shown are for reference only.

Doors & **Finish Options**

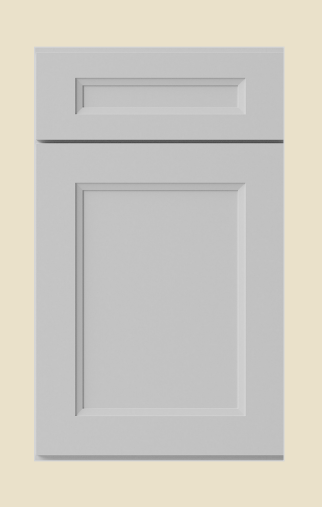

Four door styles across two cabinet lines, in painted, stained, unfinished, PET and melamine finishes.

Shaker

FRAMELESS & FRAMED

The timeless five-piece recessed panel – clean, classic and right for any project.

Double Shaker

FRAMED

A stepped inner profile adds depth and detail to the Shaker look.

Timberline

FRAMELESS

A slim Shaker-inspired frame with a solid wood edge line and veneer insert panel.

Slab

FRAMELESS

Flat, handle-friendly panels in high-gloss, super-matte or woodgrain finishes.

Material & **Finish Selection**

Painted	A smooth, even colour coat over a sanded wood or MDF door.		10 finishes
Stained	Enhances natural wood grain with a warm, durable finish.		12 finishes
Unfinished	Sanded natural birch, ready for site stain or paint.		1 finish
PET	High-gloss or super-matte velvet film on HDF – modern and easy to clean.		3 finishes
Melamine	Durable, low-maintenance woodgrain surface on HDF.		1 finish

Built on Quality **Wood Options**

Birch | **White Oak** | **Black Walnut** | **Alder** | **HDF / MDF**

#32WCT White Creme Timberline

SAMPLE DOOR · #32WCT

THE DOOR STYLE

The White Creme Timberline door style is a sophisticated blend of classic charm and modern craftsmanship. Featuring a refined Shaker-inspired design with subtle detailing, this style offers a timeless elegance that fits seamlessly into both traditional and contemporary spaces.

THE FINISH

White Creme is a soft, warm-toned white with a hint of creamy undertones, creating a subtle yet inviting elegance. Unlike stark, bright whites, this shade adds a gentle warmth, making it an excellent choice for spaces that aim for a balanced, cozy and refined aesthetic.

PROJECT SPECIFICATION

A	**Door**	Painted door with 3/4" white oak edge line and white oak veneer plywood insert panel
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure
D	**Drawer box**	Solid wood dovetail drawer box
E	**Hardware**	DTC 4-way adjustable soft-close slides · 6-way adjustable soft-close hinges

#34AGT Avocado Grove Timberline

SAMPLE DOOR · #34AGT

THE DOOR STYLE

The Avocado Grove Timberline door style combines a slim, Shaker-inspired profile with a confident, nature-inspired color. Its crisp, minimal profile feels fresh and modern while still honoring classic craftsmanship in quality birch.

THE FINISH

Avocado Grove is a deep, muted green with earthy olive undertones. Rich without being overpowering, it brings depth and character to the space and looks stunning with white stone, brass accents and warm wood.

PROJECT SPECIFICATION

A	**Door**	Painted door with 3/4" birch edge line and birch veneer plywood insert panel
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#37WOT White Oak Timberline

SAMPLE DOOR · #37WOT

THE DOOR STYLE

The White Oak Timberline door style is a fusion of natural elegance and modern craftsmanship, designed for those who appreciate the warmth and character of real wood. Clean lines and a subtle grain texture balance sophistication with organic beauty, making it a versatile choice for a wide range of interiors.

THE FINISH

White Oak Timberline embodies the balance of natural warmth and modern sophistication. Showcasing the organic beauty of white oak, this finish highlights the wood's subtle grain patterns and rich texture, creating an inviting and timeless aesthetic.

PROJECT SPECIFICATION

A	**Door**	Stained door with 3/4" white oak edge line and white oak veneer plywood insert panel
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#38MWT Midnight Walnut Timberline

SAMPLE DOOR · #38MWT

THE DOOR STYLE

The Midnight Walnut Timberline door style pairs a slim, Shaker-inspired profile with the rich, dramatic grain of genuine black walnut. Its minimal edge profile keeps the look clean and modern, letting the depth of the finish become the focal point of the room.

THE FINISH

Midnight Walnut is a deep, espresso-brown stain that highlights black walnut's flowing cathedral grain. Bold yet refined, it adds a sense of luxury and contrast, especially alongside light stone, warm brass and pale wood floors.

PROJECT SPECIFICATION

A	**Door**	Stained door with 3/4" black walnut edge line and black walnut veneer plywood insert panel
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure
D	**Drawer box**	Solid wood dovetail drawer box
E	**Hardware**	DTC 4-way adjustable soft-close slides · 6-way adjustable soft-close hinges

#41WCS White Cream Shaker

SAMPLE DOOR · #41WCS

THE DOOR STYLE

The White Cream Shaker door style pairs the enduring appeal of the classic Shaker with clean, modern proportions. Its recessed panel and crisp, balanced border create a versatile look that feels at home in both traditional and contemporary kitchens.

THE FINISH

White Cream is a soft, light cream with a gentle greige undertone. Quieter than a bright white, it brings a calm, inviting warmth to the room and pairs beautifully with marble, brass and natural wood accents.

PROJECT SPECIFICATION

A	**Door**	Painted door, MDF core with birch veneer
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure
D	**Drawer box**	Solid wood dovetail drawer box
E	**Hardware**	DTC 4-way adjustable soft-close slides · 6-way adjustable soft-close hinges

#45HGS Honey Glow Shaker

SAMPLE DOOR · #45HGS

THE DOOR STYLE

The Honey Glow Shaker door style brings together the timeless Shaker silhouette and the natural character of real birch. Its clean border and recessed panel showcase a soft, flowing grain, creating a warm and welcoming look for any home.

THE FINISH

Honey Glow is a mellow, sandy beige stain on birch with gentle golden warmth. Its light, earthy tone brings a relaxed, sun-washed feel to the kitchen and pairs naturally with creamy stone, matte black hardware and greenery.

PROJECT SPECIFICATION

A	**Door**	Stained door, MDF core with birch veneer
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#47WOS White Oak Shaker

SAMPLE DOOR · #47WOS

THE DOOR STYLE

The White Oak Shaker door style celebrates the natural beauty of real wood in a timeless Shaker profile. Clean lines and a recessed panel let the grain take center stage, bringing organic warmth to both modern and traditional spaces.

THE FINISH

White Oak is a light, natural oak tone with soft honey-beige warmth and a straight, refined grain. Its airy character brightens the room and pairs easily with white stone, black hardware and soft neutrals.

PROJECT SPECIFICATION

A	**Door**	Stained door, MDF core with white oak veneer
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#48HOS Hazelnut Oak Shaker

SAMPLE DOOR · #48HOS

THE DOOR STYLE

The Hazelnut Oak Shaker door style brings together the timeless Shaker silhouette and the natural character of real red oak. Its clean border and recessed panel showcase a bold, open grain, creating a warm and welcoming look for any home.

THE FINISH

Hazelnut Oak is a soft, nutty brown stain on red oak with a subtle greige undertone. Its rich, grounded tone brings warmth and depth to the kitchen and pairs naturally with creamy stone, matte black hardware and greenery.

PROJECT SPECIFICATION

A	**Door**	Stained door, MDF core with white oak veneer
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#51GAS Glossy Arctic Sheen

SAMPLE DOOR · #51GAS

THE DOOR STYLE

Glossy Arctic Sheen embodies modern minimalism with a high-end, polished aesthetic. Designed for contemporary interiors, this sleek, handle-free slab features a high-gloss finish that enhances light reflection, creating a bright, spacious and ultra-modern feel.

THE FINISH

Glossy Arctic Sheen is a pure, high-gloss white that embodies modern sophistication and timeless elegance. Designed for sleek, contemporary spaces, this finish enhances brightness, depth and luxury, making it a versatile choice for high-end cabinetry.

PROJECT SPECIFICATION

A	**Door**	High-gloss PET finish slab door on HDF base
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure

#52VIW Velvet Ivory White

SAMPLE DOOR · #52VIW

THE DOOR STYLE

The Velvet Ivory White slab door offers a blend of modern minimalism and soft elegance. With a smooth, matte finish, it brings a warm, refined touch to contemporary spaces while maintaining a clean and seamless look.

THE FINISH

Velvet Ivory White is a soft, warm-toned white with a matte velvet finish, balancing modern elegance and inviting warmth. It brings subtle sophistication to contemporary interiors while avoiding the starkness of pure white.

PROJECT SPECIFICATION

A	**Door**	Super-matte velvet PET finish slab door on HDF base
B	**Cabinet box**	18mm (3/4") plywood box, wood-tone melamine finish
C	**Construction**	Frameless, wood dowel and European-style screw structure
